# Two Fold Card

## Card Base

Piece glued to left side that hangs over to the right side:
I have made several cards, the piece that hangs over can be any size.

8-1/2 x 5-1/2"
Scored at:
2-1/8" & 4-1/4"

### Layers:

**For the folds:**
**(2) 1-7/8" x 5-1/4"**
**(2) 2" x 5-3/8"**

### Layers:

**For the right side:**
**4" x 5-1/4"**
**4-1/8" x 5-3/8"**

The measurements are the same for portrait or landscape cards.On my landscape, I used the Lobster instead of the piece that hangs over. Also, no DSP was used.
